

Environmental Policy Statement

Commitment

Rapide is committed to achieving the highest standards of environmental performances and recognises its corporate responsibility to the environment. Rapide acknowledge that its operations have a direct impact and indirect environmental impact and aims to minimise that impact and operate in an environmentally responsible way.

Scope

This statement applies to all premises and activities within the control of the Company

General Policy

This statement reflects Rapide's intention to provide and maintain an environmentally sustainable management system

Although the standards established by national legislation will apply as a minimum, Rapide will always strive to achieve best practice in the local context of every area in which we operate.

Statement of Principles

Rapide will, so far as is reasonably practicable:

1. Ensure environmental risks are properly identified, prioritised and managed in an appropriate and timely way.
2. Establish sound environmental management policies and promote best practise.
3. Manage its operations in ways that are environmentally sustainable and economically feasible to making efficient and environmentally responsible use of energy and water and exploiting opportunities to maximise efficiency
4. Minimise environmental impact and reduce or where practicable prevent pollution.
5. Minimise waste production by reduced consumption and develop effective waste management and recycling procedures.
6. Collaborate with key suppliers to promote environmentally responsible procurement of goods and services
7. Recognise the legitimate interest that all its stakeholders, including customers, shareholders and employees have in its environmental performance and communicate openly within Rapide and to the outside community.

It is the duty of all employees to conform to the environmental policy.

Signed
